## Focus Blocks - Mirror finish of (Safety) Valve Seats and Discs

Focus is a simple and easy to use hand lapping system for repairing and re-finishing flat seats and discs of Valves and Safety valves. The system allow you to achieve high quality 'Mirror' finish against the lowest possible cost. The handy packing enables 'In-Shop' and 'On-Site' use and guarantees a long and reliable working effect.

Focus is a simple and easy to use hand lapping system for repairing and re-finishing flat seats and discs of valves and safety valves. The composite Blocks are standard delivered with an easy to use diamond abrasive dosage stick and lubricant. The box contains step by step operation advise. The 300 mm. / 12" hand lapping plate can be used for reconditioning valve parts up to diameter of 50 - 65 mm. / 2 - 2½". For the normal (safety) valve repair and re-finishing of all common materials, we advise 3 blocks; Course, Pre-finishing and Super fine finish.

Focus Block Blue	Facing / Coarse	Ø 300mm / 12"	Diamond Stick MM 131 – Fluid 712
Focus Block Green	Finishing	Ø 300mm / 12"	Diamond Stick MM 141 – Fluid 712
Focus Block Yellow	Super Finishing	Ø 300mm / 12"	Diamond Stick MM 142 – Fluid 712
